

Tilak Ram

MERN Stack Developer

As a web developer, I specialize in a wide range of programming languages and frameworks, including HTML, CSS, JavaScript, React, and Node.js. With these tools at my disposal, I can build custom websites that are optimized for performance, security, and user experience.

ACHIEVEMENTS

Team Project

Successfully collaborated as a member of a 5-person team to clone a website, showcasing strong teamwork and coordination skills. Gained valuable hands-on experience in web development methodologies, including coding, debugging, and troubleshooting, while working on the project.
